Sayeh Gholipour Picha

Research Engineer

Personal Website
Github
LinkedIn

Skills

Tools and Languages	Python, MATLAB, Linux, Git, Azure
Quantitative Research	Deep Learning, Machine Learning, Mathematical Optimization
Communication	English, French, Persian (Native)

Technical Experience and Projects

Research Intern (Master 2) / Improving the performance of a CNN model with generative data augmentation **February 2022 — July 2022**
Supervising team: *Professor Alice CAPLIER (GIPSA-lab) , Dawood CHANTI (GIPSA-Lab)* *Grenoble, France*
- Working on Deep Learning in CNN and Tensorflow
- Working on Facial Expression Recognition algorithm.
- Good knowledge on different Generative Adversarial Networks (GANs) models.
- Experience in Image Synthesis using Pytorch.

Master 1 Project / Guiding Human percept of an ambiguous moving plaid by the Random Dot Kinematograms and Bistable moving plaids **December 2020 — May 2021**
Supervising team: *Ronald PHLYPO (GIPSA-lab) , Alan CHAUVIN (LPNC-lab)* *Grenoble, France*
- Visual cognition project
- Worked on Python (Psychopy)

Team Member / Automatic No-Reference Image Sharpness Assessment in Infrared Images **June 2021**
Lynred data challenge competition *Grenoble, France*
- Worked on infrared image processing in python (Experimental Project)
- New algorithm was developed.

R&D member / Building a device based on Thermal Camera **January 2018 — June 2020**
Farabina Smart Company *Babol, Iran*
- Image processing with thermal camera images.
- Python programming on Raspberry Pi.

Data Analyst / Traffic recorders in suburban areas **March 2017 — December 2017**
iRoad Electronic Company *Tehran, Iran*
- Monitoring and data analysis on the receiving data.
- SQL programming.

Bachelor Project / Review project on Steganography in Images and Implementation of the methods December 2015 — July 2016
Supervisor: *Alireza Keshavarz Hadad* *Shiraz, Iran*
- Cyber Security Project.
- Implemented different methods in MATLAB.

IT technician **September 2014 — September 2016**
AsiaTech company *Shiraz, Iran*
- Testing the new equipment for network establishment.
- Technical support assistant.
- Part-time job during the study.

Education

Master of Science in Signal and Image Processing (Scholarship Student), *Phelma Grenoble INP university in France* September 2020 — July 2022

- **GPA:** 14.82/20

Bachelor of Science in Electrical and Computer Engineering (major Telecommunication), *Shiraz University in Iran* September 2012 — July 2016

- **GPA:** 16.95/20 (Among the top 10% of Electrical Engineering Department)

Activities

Gave a Seminar Talk at Gdr ISIS Face, gestures, actions and behaviour	June 14, 2022
Chief of IEEE council, Shiraz University Branch	2014 — 2015
Financial Manager at IEEE council, Shiraz University Branch	2013 — 2014
Academic Student Association: CST, ADS Workshops, Facilitator	Winter 2014
Academic Student Association: Altium Workshop, Facilitator	Spring 2014
